

Join us on Thursday, October 17, 2024, at The Nine between 7 -10 pm where Recipes from the Heart will hold a fundraising auction for INARA's rapid response teams in Gaza.

We will be joined by Arwa Damon, founder of INARA and former CNN journalist, who has been on the ground in Gaza, Lebanon, Ukraine, and Morocco. She will discuss her experiences providing medical and mental health care to children impacted by human-induced and natural disasters.

During this event, you will also learn how you can get involved with and contribute to Recipes from the Heart – and a fundraising auction will be held with the chance to bid for a week in a luxury villa in Marrakesh; a stay in the beautiful Danish island of Bornholm; as well as other exciting experiences and gifts.
